#### Bulletin Text

This bulletin releases the Jeep Freedom - Special Appearance Package (ADF) for the US Western Sales Region. Package volume is 2,500 units which are planned to be built in January 2000. The package is contained in the "K-CPOS" and is offered on 2 and 4-door bodystyles. The package is based on the Sport model and contains the following unique components:

- Bright Grille and Headlamp Bezels
- Black Front and Rear Bumper Beams
- Black Fender Flares
- Bodyside Molding - Deleted
- Bright Dimensional Graphic Badging (Jeep, Cherokee, 4x4, 4.0Litre)
- New Freedom Decal
- 16x7 Ultra Star Aluminum Wheel (from TJ)
- P225/70R16 Goodyear Wrangler HP Tires (from XJ Classic/Limited)

Exterior Colors:	Solar Yellow (new for XJ)	10%
	Silverstone Metallic	22%
	Flame Red	34%
Interior Colors:	white	33%
	Agate	

2830 total built

This package is not available for the Canadian, Mexican or BUX markets.

Additionally, the Ecco Aluminum Wheel in Desert Sand is cancelled due to low customer demand and to maintain plant wheel complexity at carry-over levels.
